**G** **D**  
Tell me, tell me that you want me

Fighting for no reason, wouldn t change it for the world

And I knew, the first day that I met you  
**C** **G**  
Was never gonna let you, let you slip away  
**G** **D**  
And I still remember being nervous  
**C** **G**  
Trying to find the words to get you here today

**C** **D** **G**  
Cause you make my heart feel like it s summer  
**C** **D** **G**  
When the rain is pouring down
