Koos Kombuis - Johnny is nie dood nie

First of all, I'd like to say that this tab is all my own work, but most of the credit (if not all) must go to my good friend, Werner Brand, who showed me how to play to this absolutely great Afrikaans song. If you like it, it's cool, if you don't, that's also cool, and if you don't know you feel, decide quickly. Email me at [jaspervanzyl@mailbox.co.za](mailto:jaspervanzyl@mailbox.co.za). Enjoy it, guys.
