Swim in the deep

Am

Under the sea

F

Started to wonder if it has a name

C Em

The deeper I go,

 $\mathbf{Am}$ 

The more it gets cold

F

Somewhat content, now we ve a lack of it

C Em

Oh, sacred sea,

Am

Take off your coat

F

Now that I  $\ensuremath{\mathrm{m}}$  here, you ll never be alone

C Em

The treasures you hide

Am

I want to know

F

Sink to the floor, but do I wanna go?

C G

Kicking up waves

Am F

And you re trying to see the light of day

C G

Kicking up waves

Am F

And you re trying to see the light of day

C Em

All of the ice

Am

```
I see the waves are coming back again
           Em
Starting to shake
At what s down below
If I go up, then I will be okay
         Em
Turning around
                Am
May feel better now
But what if I m not?
If I go, would you
Take me to the top of the blue?
           G
Kicking up waves
And you re trying to see the light of day
Kicking up waves
And you re trying to see the light of day
Kicking up waves
And you re trying to see the light of day
Kicking up waves
And you re trying to see the light of day
Ooohhh Ooohhh (x2)
```

Has melted in time
