Chords Used: **C Em Am F**

C

C **Em**
Swim in the deep

Am
Under the sea

F
Started to wonder if it has a name

C **Em**
The deeper I go,

Am
The more it gets cold

F
Somewhat content, now we've a lack of it

C **Em**
Oh, sacred sea,

Am
Take off your coat

F
Now that I'm here, you'll never be alone

C **Em**
The treasures you hide

Am
I want to know

F
Sink to the floor, but do I wanna go?

C **G**
Kicking up waves

Am **F**
And you're trying to see the light of day

C **G**
Kicking up waves

Am **F**
And you're trying to see the light of day

C **Em**
All of the ice

Am

Has melted in time

F

I see the waves are coming back again

C **Em**

Starting to shake

Am

At what s down below

F

If I go up, then I will be okay

C **Em**

Turning around

Am

May feel better now

F

But what if I m not?

F **G**

If I go, would you

F **G**

Take me to the top of the blue?

C **G**

Kicking up waves

Am **F**

And you re trying to see the light of day

C **G**

Kicking up waves

Am **F**

And you re trying to see the light of day

C **G**

Kicking up waves

Am **F**

And you re trying to see the light of day

C **G**

Kicking up waves

Am **F**

And you re trying to see the light of day

C

Ooohhh Ooohhh (x2)
