Tuned Down One Half Whole Step (DGCFA<sub>b</sub>)

Yet Another Song where the Guitar is Well  
hidden..but ive worked it out.

(Guitar 1)

```
d ||-----|
A ||-----|
F ||-----|
C ||-3--2-----|
G ||-----|
D ||-----|
```

(Guitar 2)

```
d ||-----|
A ||-----|
F ||-----|
C ||-----|
G ||-----1--3--1--6--5--3--1--|
D ||-1--5-----|
```

Guitar 2 s role sounds something like a Cello,  
i think they are using an effects box similair  
to a Pandora..that drops the pitch.

Listen For Guitar 2 To come in...However, Guitar 1 goes  
goes From Start to Finish....
