

**Let Go**

**Krept & Konan**

There are only 4 chords used as far as I can tell.

I use the capo on the 2nd fret.

The chords are, in this order, Em C G(320033) G/F#(200033) OR D/F#(200233, both

sound okay to use.

I recommend using the G/F# in the hook and D/F# in the verses, but it just comes

down to which you think sounds better.

Verse:

**F#m**                    **D**                    **A**  
In the end, will it all be worth it  
                         **E/F#**  
God willing, it will turn out perfect. . .

Hook:

**F#m**                    **D**  
Whenever I m feeling alone  
**A**                                    **A/F#**  
Nobody don t ring my phone, phone  
**F#m**                    **D**  
And I don t care any more  
**A**                                    **A/F#**  
I ve been holding on too long. . .
