

**Out Alive**  
**Kris Allen**

Capo 4th Fret (if you want to play the song like he does live, place the capo on the 3rd fret instead, since he plays it an half step down)

**C**

This city s gonna break your heart

**Fsus**

It s gonna leave you colder

**C**

Bright lights tearing us apart

**Fsus**

It s gonna hurt all over

**Am**

Honestly I m better off lonely

**Fsus**

Promises are just pretend

**C**

God held this face I m wearing

**G**

God held this skin

**C**

We can run

**G**

We can hide

**Am**

**Fsus**

We can show off our guns and put up a fight

**C**

**G**

**Am**

If it s love hold on tight, hold on tight

**Fsus**

**C**

And maybe we ll make it out alive

**G**

Maybe we ll make it

**C**

I m searching for the sound of your heartbeat

**Fsus**

And I m looking for a sign of life

**C**

And I can hear it fading now

**Fsus**

Lost my strength when you lost your fight

**Am**

Honestly we re better off lonely

**Fsus**

Promises are just pretend

**C**  
God held this faith I m wearing

**G**  
God held this place

**C**  
We can run

**G**  
We can hide

**Am** **Fsus**  
We can show off our guns and put up a fight

**C** **G** **Am**  
If it s love hold on tight, hold on tight

**Fsus** **C** **G** **Am**  
And maybe we ll make it out alive

**Fsus**  
Maybe we ll make it

**G** **Am** **Fsus**  
There s gonna be a thousand ways that we could break it

**G** **Am** **Fsus**  
There ll never be an easy way so I ll just say it

**G** **Am** **Fsus**  
Cause I know that it s not over no matter how hard we try

**G** **Am** **Fsus**  
Now I m begging for the chance to make it right

**Fsus**  
Cause you got the best of me

**G**  
You ll be the death of me

**C**  
We can run

**G**  
We can hide

**Am** **Fsus**  
We can show off our guns and put up a fight

**C** **G** **Am**  
If it s love hold on tight, hold on tight

**Fsus** **C** **G** **Am**  
And maybe we ll make it out alive

**Fsus** **C** **G** **Am**  
And maybe we ll make it out alive

**Fsus**  
Maybe we ll make it

**C**  
We can run

**G**  
We can hide

**G** **Am** **Fsus**  
Oh baby, we ll make it out alive

**C**

We can run

**G**

We can hide

**G**

**Am**

**Fsus**

Oh baby, we ll make it out alive (we ll make it out alive)

**C**

We can run

**G**

We can hide (yeah)

**G**

**Am**

**Fsus**

Oh baby, we ll make it out alive

**Fsus**

End on **G**

Maybe we ll make it
