

Rooftops
Kris Allen

Intro: **G C** x3

Here s a little song for my one and only
She s the one I want, yeah
She s the one for me
Ever since I met her
Never been lonely
Yeah, she flipped my switch and I was gone
My friends all say I never hang out
Though, they never see me anymore
But when I m with her
There ain t no doubt
She s everything I m looking for

(CHORUS)

Said I... can t help myself
I m in love with a girl, with a girl
I m screaming from the rooftops
All over the world now x2

G C x2

She s the kinda girl you never get over
Give her all I got, Yeah
This is what I told her;
You give me crazy love, crazy love
I can t get enough, get enough...

She got my T-shirt on, with a sleepy smile
