Please Don t Tell Me How The Story Ends

(Ronnie Milsap)-----(1971)

**G**                            **C**                            **G**  
This could be our last goodnight together

**D**  
We may never pass this way again

**G**                            **C**                            **G**                            **C**  
Just let me enjoy till its over, Or forever

**G**                            **D**                            **G**  
Please don t tell me how the story ends

**C**                            **G**  
See the way our shadows come together

**D**  
Softer than your fingers on my skin

**C**                            **C**                            **G**  
Someday this may be all, That we ll remember

**C**  
Of each other

**G**                            **D**                            **G**  
Please don t tell me how the story ends

**C**                            **G**  
Never s just the echo of forever

**A7**                            **D**  
Lonesome as the love that might have been

**G**                            **C**                            **G**                            **C**  
Just let me go on loving and believing Till it s over

**G**                            **D**                            **G**  
Please don t tell me how the story ends

**D**                            **G**  
Please don t tell me how the story ends...
