

First sound of the morning bird

Won't be long until we stir

Reach over to the pillowcase

I'd only feel a cold empty space

E **D** **F#m**
I should have seen it coming there were more than warning signs
E
But I was blind
E **D** **D**
We could work it out if you would let go of your pride
E
Make up your mind

F#m D A
 You know we always try
 F#m D A
 Never seem to get it right
 F#m D A
 We re running out of time
 F#m D A
 I don t wanna lose you tonight

F#m D A, F#m D A

F#m D A

Brushes on the riverside

F#m D A

They re swaying in the rising tide

F#m D A

We have only us to give

F#m D A

And I want something more than this

E

But I was blind

E D D
We could work it out if you would let go of your pride

Make up your mind

F#m D A

You know we always try

F#m D A

Never seem to get it right
