

Make Some Noise
Krystal Meyers

B5 **G**
Yeah, you re so convinced of how it s supposed to be
F#
I know that you re confused
B5
Don t take it out on me
We re not afraid to try
G
We re not afraid to dream
F#
But when it all goes wrong we re not afraid to scream
G **A** **G**
Cause the future now is ours to make
A
Oh, oh, shout it out

B5 **D**
Get ready cause we like it loud
G **F#**
Cause we were born to make some noise
B5 **D**
Donâ€™t tell me we should turn it down
G **F#**
â€™Cause we were born to make some noise
B5
Make some noise
B5
Make some noise

B5
We re not the enemy
G
You might be surprised
F#
Don t need hypocrisy to open up our eyes
B5
We don t need your rules
G
Don t need a uniform
F#
This is who we are
B5
We won t be ignored
G **A** **G**
Cause the future now is all that remains
A
Oh, oh, shout it out

B5 **D**
Get ready cause we like it loud
G **F#**
Cause we were born to make some noise
B5 **D**
Don t tell me we should turn it down
G **F#**
Cause we were born to make some noise
B5 **D**
Nobody s gonna shut it down, yeah
G **F#**
Cause we were born to make some noise
B5 **D**
We could turn this whole thing around
G **F#**
Come on all you girls and boys
B5
Make some noise
B5
Make some noise
B5
Make some noise

G **A**
Just for once (just for once)
B5
Can you think for yourself (can you think)
G **A**
Stuck in the same place
F#
We don t have anytime to waste

B5 **D**
Get ready cause we like it loud
G **F#**
Cause we were born to make some noise
B5 **D**
Don t tell me we should turn it down
G **F#**
Cause we were born to make some noise
B5 **D**
Nobody s gonna shut it down, yeah
G **F#**
Cause we were born to make some noise
B5 **D**
We could turn this whole thing around
G **F#**
Come on all you girls and boys
B5
Make some noise
B5
Make some noise
