

Good Enough

KSM

E **B**
It seems the more we talk
E/G **E**
The less I have to say
C#m **A**
Let s put our differences aside
E **B**
I wanted to make you proud
E/G **E**
But I just got in your way
C#m **A**
I found a place that I can hide

Eb/A
Now everything is changing
C#m **A**
But I still feel the same
Eb/A **B**
Are we running out of time

E
What do I have to do
C#m
To try and make you see
B
That this is who I am
A
And it s all that I can be

E **B**
I tried to find myself
E/G **E**
Looking inside your eyes
C#m **A**
You were all that I wanted to be
E **B**
There must be something else
E/G **E**
Behind all the lies
C#m **A**
That you wanted me to believe

Eb/A
Now everyone is saying
C#m **A**
That I should find a way
Eb/A **B**

To leave It all behind

That this is who I am

And I won t let you go

And I won t let you down
