

Good Enough

KSM

F **C**
It seems the more we talk
F/G **F**
The less I have to say
Dm **Bb**
Let s put our differences aside
F **C**
I wanted to make you proud
F/G **F**
But I just got in your way
Dm **Bb**
I found a place that I can hide

E/A
Now everything is changing
Dm **Bb**
But I still feel the same
E/A **C**
Are we running out of time

F
What do I have to do
Dm
To try and make you see
C
That this is who I am
Bb
And it s all that I can be

F **C**
I tried to find myself
F/G **F**
Looking inside your eyes
Dm **Bb**
You were all that I wanted to be
F **C**
There must be something else
F/G **F**
Behind all the lies
Dm **Bb**
That you wanted me to believe

E/A
Now everyone is saying
Dm **Bb**
That I should find a way
E/A **C**

To leave It all behind
