Acoustic part
Tuning: Standard
By kttunstallator3

-This is based on a BBC Collection studios version vid that I saw on you tube-all the except that the only ones in the room are Kt and her 2 backup singers. No change, really. just watched it to focus 1 on 1 and find the tabs for acoustic. One of the backup think Kat-is playing the xylophone in place of the electric guitar bit in the and Kt is playing acoustic guitar. Enjoy her acoustic awesomeness! J

Verse 2:

Listen just a little bit harder for I tell the truth
If it isnâ€™t just a piston in an engine to keep you movinâ€™
Youâ€™re looking like youâ€™re looking for something but all that you found
Was silence and dirty ground

Chorus

Youâ€™re surrounded by silenceâ€¦(like the intro)
