

Before You Leave
Kurt Nilsen

G **Em7**
Stay, stay a little longer.
D **Cadd9**
Do you have to go away?
G **Em7**
Stay stay for tomorrow.
D **Cadd9**
Then I will know, if I d rather be alone.

G **Em7** **D**
Take, take a moment of time and turn it back
Cadd9
So we can start from scratch
G **Em7**
Suppose, I ll leave all I ve got
D **Cadd9**
Would it make it easier on your heart?

G **Em7**
Well I ll take what I can before you leave
D
If that is just a smile
Cadd9
I ll stay up all night, so I can watch you breathe
If that is alright
G **Em7**
Come on and show me that silky skin

You re oh so fine
D
I know we could turn it right
Cadd9
I know we could turn it right

Throw, throw me a lifeline way out to sea
Would you save me if it all goes wrong?
Grab, grab me 'cause I m yours
Forever that s for sure
Because that s what I want you to tell me

Well I ll take what I can before you leave
If that is just a smile
I ll stay up all nighth so I can watch you breathe
If that is alright

Come on and show me that silky skin
You re oh so fine
I know we could turn it right
I know we could turn it right

Asus **Bm**
But it s all an illusion

Bm **Asus**
Easier said than done

Asus **Bm**
Let s make a conclusion

Bm **Asus** **Cadd9**
Guess it s worth giving it a try

Well I ll take what I can before you leave
If that is just a smile
I ll stay up all night so I can watch you breathe
If that is alright
Come on and show me that silky skin
You re oh so fine
I know we could turn it right
I know we could turn it right

Come on and show me that silky skin
You re oh so fine
I know we could turn it right
I know we could turn it right.

End with a **G**.
