

Before You Leave
Kurt Nilsen

G# **Fm7**
Stay, stay a little longer.

Eb **C#add9**
Do you have to go away?

G# **Fm7**
Stay stay for tomorrow.

Eb **C#add9**
Then I will know, if I d rather be alone.

G# **Fm7** **Eb**
Take, take a moment of time and turn it back
C#add9

So we can start from scratch
G# **Fm7**
Suppose, I ll leave all I ve got

Eb **C#add9**
Would it make it easier on your heart?

G# **Fm7**
Well I ll take what I can before you leave
Eb
If that is just a smile
C#add9
I ll stay up all night, so I can watch you breathe

If that is alright
G# **Fm7**
Come on and show me that silky skin

You re oh so fine
Eb
I know we could turn it right
C#add9
I know we could turn it right

Throw, throw me a lifeline way out to sea
Would you save me if it all goes wrong?
Grab, grab me 'cause I m yours
Forever that s for sure
Because that s what I want you to tell me

Well I ll take what I can before you leave
If that is just a smile
I ll stay up all nighth so I can watch you breathe
If that is alright

Come on and show me that silky skin
You re oh so fine
I know we could turn it right
I know we could turn it right

Bbsus **Cm**

But it s all an illusion

Cm **Bbsus**

Easier said than done

Bbsus **Cm**

Let s make a conclusion

Cm **Bbsus** **C#add9**

Guess it s worth giving it a try

Well I ll take what I can before you leave
If that is just a smile
I ll stay up all night so I can watch you breathe
If that is alright
Come on and show me that silky skin
You re oh so fine
I know we could turn it right
I know we could turn it right

Come on and show me that silky skin
You re oh so fine
I know we could turn it right
I know we could turn it right.

End with a **G#**.
