

Before You Leave
Kurt Nilsen

A **F#m7**
Stay, stay a little longer.

E **Dadd9**
Do you have to go away?

A **F#m7**
Stay stay for tomorrow.

E **Dadd9**
Then I will know, if I d rather be alone.

A **F#m7** **E**
Take, take a moment of time and turn it back
Dadd9

So we can start from scratch

A **F#m7**
Suppose, I ll leave all I ve got

E **Dadd9**
Would it make it easier on your heart?

A **F#m7**
Well I ll take what I can before you leave

E
If that is just a smile

Dadd9
I ll stay up all night, so I can watch you breathe

If that is alright

A **F#m7**
Come on and show me that silky skin

You re oh so fine

E
I know we could turn it right

Dadd9
I know we could turn it right

Throw, throw me a lifeline way out to sea

Would you save me if it all goes wrong?

Grab, grab me 'cause I m yours

Forever that s for sure

Because that s what I want you to tell me

Well I ll take what I can before you leave

If that is just a smile

I ll stay up all nighth so I can watch you breathe

If that is alright

Come on and show me that silky skin
You re oh so fine
I know we could turn it right
I know we could turn it right

Bsus **C#m**

But it s all an illusion

C#m **Bsus**

Easier said than done

Bsus **C#m**

Let s make a conclusion

C#m **Bsus** **Dadd9**

Guess it s worth giving it a try

Well I ll take what I can before you leave
If that is just a smile
I ll stay up all night so I can watch you breathe
If that is alright
Come on and show me that silky skin
You re oh so fine
I know we could turn it right
I know we could turn it right

Come on and show me that silky skin
You re oh so fine
I know we could turn it right
I know we could turn it right.

End with a **A**.
