

Smoke Ring For My Halo
Kurt Vile

C Em D (Play those along to the song for the rhythm, you will hear. The C is only used between the lines.)

Smoke ring for my halo
Angel demon human
Oh the rest have made it
Over and over
Think I can see it now

Smoke ring for my halo
Human angel demon
Hundereds have made it
Right under the roof of your house
Thought you could see it then

Sippin from the sewer can
Excerises my hand
Pacifies the land
Makes the most out of your jizzatown, man
I feel like laying down
Yeah and I wanna do it again
Oh what a mess I guess I m in
