

**Hero  
Kutless**

**Bm** **G** **D** **A**  
Who ever told you you canâ€™t win  
**Bm** **G** **D** **A**  
Who ever said that if you fail donâ€™t try again  
**Em**  
Itâ€™s in the ordinary  
**G**  
Deep in the weak and weary  
**Bm** **G** **D** **A**  
The power to overcome the fear youâ€™re holding in

Chorus:

**D** **A**  
You could be a Hero  
**Bm** **G**  
You could be the change in this world  
**D** **A**  
Rise above the Normal  
**Bm** **G**  
Donâ€™t have to be afraid any more  
**D** **A**  
We are the light we are the hope  
**Bm** **G**  
We are the love inside worth fighting for  
**D** **A** **Bm** **G**  
You could be, you could be, you could be a hero

**Bm** **G** **D** **A**  
You donâ€™t have to look that hard to see  
**Bm** **G** **D** **A**  
You donâ€™t have to reach that far to find someone in need  
**Em** **G**  
There is a desperation deep in this generation  
**Bm** **G** **D** **A**  
Looking for something new a love they can believe

**G** **D** **Bm**  
Love will even cross the ocean wide  
**Em** **D**  
Love will lose it all to save a life  
**Bm** **G** **D** **A**  
Because of the love God gave youâ€™ll find  
**Bm** **G** **D** **A**  
That you could be a hero
