

Passion
Kutless

Song: Passion
Artist: Kutless
Album: Sea of Faces

Transcribed by Colton Wood

This song is played in Dropped **C#**, but for acoustic/rhythm guitarists, I would recommend that it be played in either Standard tuning or tuned 1 1/2 steps down

Intro:

| **E** | **F#** | **G#m** | **G#m**

Verse 1:

E **F#** **G#m**
Within my mind s eye
E **F#** **G#m**
Flickering from the past
E **F#** **C#m**
Come images that terrify and calm a paradox in me

Chorus:

G#m **C#m**
Nail pierced hands they run with blood
E **F#**
A splitting brow forced by the thorns
G#m **C#m**
His face is writhing with the pain
E **F#** (**G#m** after first and last chorus only)
Yet it s comforting to me

Verse 2:

He chose to give it all
Jesus endured the pain
Paying a debt I owed and created a paradox in me

Bridge:

C#m **E** **B** **F#**
And in my heart I know that you re the only one
(**F#**) **C#m** **E**
Who could of came and died, a sacrifice
B **F#**
as you re God s only son
