```
(VERSE2: same as verse1)
```

You re all I desire You re all that I choose  
I guess that explains why I feel like I do  
I cannot deny what I m falling into  
When all I can think of and all I can dream of is  
You

The earth declares your glory  
There s nowhere it can hide  
And still you let me in  
You draw me to your side

You are my hope and I know that it s true  
When all I can think of and all I can dream of is

You  
You re the love I have always known  
And It s You  
I will never be alone

You re all I desire You re all that I choose  
I guess that explains why I feel like I do  
I cannot deny what I m falling into  
When all I can think of and all I can dream of is  
You
