We had everything we could ask for
G D C
nothing was wrong so it seemed
G D C D
i never could get enough of your love
G D C
but im afraid you ve had too much of me
Em D C
So i cry into the night
Em D C
my heart broken in two
Em D C
my world slipping away
D
hoping to be back with you

Chorus

G D C D
But ill still dance to the sound of our first love song
G D C D
and if im not crying ill try and sing along
G D C D
I ll come to recall all the moments that I held you tight

it felt so right
G D C D
and I ll two step to conway and waltz to the king
G D C
thinking of just one day
G D C D
holding your body so close all through the night
C D G
but i dance all alone in the light

G **D** **C**
A friend of mine said that he saw you

looking as good as before

he asked how you d been and you said so much better
 G **D** **C**
since the day that you walked out my door

Em **D** **C**
So i cry into the night
 Em **D** **C**
my heart broken in two

my world slipping away

cause all i can think of is you
