

No More Rain
Kylie Minogue

A# D# G#
Have you ever thought that the sky was just endlessly dark
D# G# D# A#

And then look up and see a million stars?
A# D# G#
Have you ever been scared of the water and stuck on the edge,
D# G# D# A#

And then you dive in, how quickly you ll forget?

A# D# A#
Your fears that kept you awake at night
D# A# D#
Now that I m back in the light, so warm
I feel it like a...

A# D#
Wave of love coming over me
A# D#
Got a glitter drop fall and Iâ€™m on my knees
G# D# A#
Got the sound of you ringing in my ears
A# D#
Sun coming up on another day
A# D#
Got a second hand chance gonna do it again
G# D# A#
Got rainbow colours and no more rain

G# D# A#
No more (rain)
G# D# A#
No more (rain)

Have you ever dreamt you were flying until you looked down,
you never moved an inch
feet firmly on the ground
And love carries the hurt that you hold
Funny how life can unfold
Oh yeah
I feel it like a

Wave of love coming over me (over me)
Got a glitter drop fall and Iâ€™m on my knees (on my knees)
Got the sound of you ringing in my ears (in my ears yeah, in my ears yeah)
Sun coming up on a another day
Got a second hand chance gonna do it again
Got rainbow colours and no more rain
