And it rolls like thunder and it hits like lightnin

When you re going under, it lifts you up again

C# F#

I ve been hiding these miles between us

So I ll keep the volume up to drown you out
C#
Forget you were around

[Chorus]

C# F# **C# B**
And it rolls like thunder and it hits like lightnin
C# F# **C# B**
When you re going under, it lifts you up again
C# F# **C# B**
Right now that kick drum feels like a heartbeat
D#m **C#** **B**
And I m falling for that long lost melody
F# **G#m**
I put the radio on
F# **B**
Saving myself with a song

I really need a love song to rescue me

I really need a love song that I believe

And it rolls like thunder and it hits like lightnin
C# F# **C# B**
When you re going under, it lifts you up again

Right now that kick drum feels like a heartbeat
D#m **C#** **B**
And I m falling for that long lost melody
D#m **C#** **B**
And I ll find out who it is I m supposed to be

G#m

I find the strength to move on
