

Shelby 68

Kylie Minogue

[Intro]

A E F#m E

[Verse 1]

A
There was nothing on earth that a girl could do
E **F#m** **E**
The very first minute that I laid my eyes on you, on you
A
Turned sheets to the wind, I was all confused
E
Like burning my money, nothing left to lose
F#m **E**
I knew, I was doomed

[Pre-Chorus]

A
An attraction I just can't explain
E
But I knew I was never gonna be the same
F#m **E**
I'd be lying if I said that I always chose what was good
D **E**
So where we gonna go in your Shelby 68?

[Chorus]

A
I know you're gonna break my heart
E
When I get in your car
F#m
Oh, the trouble I'm in when we take that spin
D
Yeah, I'm in
A
I know there'll be hell to pay
E
Baby, I just can't wait
F#m
Oh, I'm gonna get high when I take that ride
D
In your Shelby 68
