E

B

I never ever meant to make you cry

B

I would like to know

Why there are clouds in the sky

F#

Every time I fall in love

C#m

And I would like to know

E

Why Iâ€™m sitting here on my own

B

I would like to know

Why when I find a nice guy

F#

Someone I can lend upon

C#m

I mess it all up and then

E

I wonder why Iâ€™m all alone

Tell me if you think that I

Iâ€™m talking way too much

Tell me if youâ€™d like to stay in touch

B

I would like to say that I

F#

Never meant to make you cry

C#m

I think about you every day

E

No matter what your friends might say

B

Everybody knows my name

F#

Even though Iâ€™m still the same

C#m

I just would like to say that I

E

I never ever meant to make you cry

B

Sitting on the sofa

Letting life go by

F#

Thinking about the early days

C#m

Think about the times when I

E

Hurt you with my crazy ways

B

All I want to do is

Look around for you yeah

F#

Drivinâ€™ till the break of dawn

C#m

Tacking and calling and

E

Pleading till your coming home

Tell me if you think that I

Iâ€™ve been a bit too much

Tell me if youâ€™d like to stay in touch

B

I would like to say that I

F#

Never meant to make you cry

C#m

I think about you every day

E

No matter what your friends might say

B

Everybody knows my name

F#

Even though Iâ€™m still the same

C#m

I just would like to say that I

E

I never ever meant to make you cry

(Cry) cry (cry) cry

I didnâ€™t mean to be so cruel

(I didnâ€™t mean to be so cruel)

I didnâ€™t mean to let you down

(I didnâ€™t mean to let you down)

So sorry for the rain

On your parade

And all the pain

You lost the game because of me

(Same chorus)

I would like to say that I (I would like to say)

Never meant to make you cry

I think about you every day (oh every day)

No matter what your friends might say

Everybody knows my name

Even though Iâ€™m still the same (still the same)

I just would like to say that I

I never ever meant to make

I never ever meant to make you cry
