Living on the light that once was given to us all.
As fragile as we are we re still surviving in the cold.
We re trying to explain ourselves and justify our lives.
Now there s no more need to wonder why.

You ll be grateful the rest of your life.

Truth is shooting us all in the face. While we aim to define
it we freeze in our frames.

They say it won t hurt us a bit so don t panic when you start
to bleed in its name.

Cover your eyes, don t look at the flash. Pray that there s
no such thing as hell when we pass.

The morning light is leaking into the unknown.

Absorbed by the infinite yawn.

We re home.

All in all, we are grateful for the grace bestowed upon us.

Our sins eradicated. It s the end that keeps us honest.

Our next chapter begins regardless, be it void or promise.

The sun sets on mankind. End of the line. This is our time.

Bb

[this is our time] Oh what a beautiful day for us.

Dm

[this is our time] Smell the perfume of decay on us.

Bb

Gm

[this is our time] Behold the light and embrace the rush.

D

[this is our time] This is our time.
