La Roux (2009)

Ebm **B**
No wonder I m scared
  C#
To look in your eyes 
Ebm **B**
You ve turned me away
  C#
So many times 
Ebm **B**
You can take it away 
 C#
At any given moment 
Ebm **B**
It s hard to believe 
 C#
While you re in this disguise 

â€”

 B **Ebm**
So would you hold me please 
 C#
I m trying hard to breathe 
 G#m
I m just surviving 
B **Ebm**
So would you hold me please 
 C#
I m trying hard to breathe 
 G#m
Stop me from crying 

â€”

 C# **B**
When I see you walking with her 
 F# **Ebm**
I have to cover my eyes 
C# **B**
Every time you leave with her 
F# **Ebm**
Something inside me dies 
 C#

Something inside of me dies 

â€"

Ebm **B**

No wonder it hurts 

C#

To sit by your side  

Ebm **B**

There s a different song 

C#

I can play you tonight 

Ebm **B**

We can break the pattern 

C#

We can change the colour 

Ebm **B**

You don t need to worry

C#

About the others 

â€" 

B **Ebm**

So would you hold me please 

C#

I m trying hard to breathe 

G#m

I m just surviving 

B **Ebm**

So would you hold me please 

C#

I m trying hard to breathe 

G#m

Stop me from crying 

â€"

 C# **B**

When I see you walking with her 

F# **Ebm**

I have to cover my eyes 

C# **B**

Every time you leave with her 

F# **Ebm**

Something inside me dies 

C#

Something inside of me dies

(Repeat to end)
