

## Tigerlily

La Roux

Intro: **F#m C#**

**F#m**

Tonight out on the streets  
I m gonna follow you  
Tell you all about a scene  
That you would kill for

**C#**

You re gonna love what s  
Burning right in front of you  
But you won t see it  
By the light of the sun

**F#m**

Come out Tigerlily  
You re caressing me  
I ll take you up  
I ll turn you on  
I ll take your apathy

**C#**

I wouldn t lie to you Blossom  
Won t you let it go  
I m gonna give you all you want  
And don t you know

**A**

That you

**G#**

I know you better than this

**F#m**

I could be here when you call

**D**

I ll make you top of the list

**A**

And in the crush of the dark

**G#**

I ll be your light in the mist

**F#m**

I can see you burning with desire

**D**

For a kiss

**Bm**

**C#**

Psychobabble all upon your lips

That s pretty much it, I play barre chords for this to get the snappy kind of

electro

but it s up to you. The rest of the song continues like this:

[verse chords]

They can sell it all they want  
But you cannot agree  
I don t like the taste  
Of their morality  
You ll find your bread and your butter  
Where you fake it  
And put your face in the gutter  
Of a snake pit

But our communication  
Is telepathy  
What you give is what you get  
Out of us naturally  
And we can wait til the shadow grows long  
And turn the page of a story  
That has long since found a home

[chorus chords]

I know you better than this  
I could be here when you call  
I ll make you top of the list  
And in the crush of the dark  
I ll be your light in the mist  
I can see you burning with desire  
For a kiss  
Psychobabble all upon your lips

[verse chords]

Have you ever felt  
Like you re being followed?  
Or watched the ones that held your stare?  
Turned around to see who s behind you  
To find there s no one there?  
Lurking in the dark  
There s someone who breathes you night and day  
There s a friend who wants so much more  
And if they can t have you  
They ll never let you walk away

[chorus chords]

And in the crush of the dark  
I ll be your light in the mist  
I can see you burning with desire  
For a kiss

And in the crush of the dark  
I ll be your light in the mist  
I can see you burning with desire  
For a kiss

Psychobabble all upon your lips
