

Norrköping  
Laakso

**E** **A**  
Three and a half when we met the first time  
**C#m** **B**  
A thing I can't remember but I know it anyhow  
**E** **A**  
Neighbours, brothers, brothers for life  
**C#m** **B**  
Fell in love with the same girls in our hometown  
**E** **A**  
But nothing could part us, not one thing  
**C#m** **B** **E**  
When we walked the streets of Norrköping

-----

Then same set of chords through the whole song!
