

## Dancing Away With My Heart

Lady A

**E**

I finally asked you to dance

**A**

On the last slow song

**E**

And beneath the moon that was really a disco ball

**F#m**

**C#m**

**A**

**B**

I can still feel my head on your shoulder

**F#m**

**C#m**

**A**

**B**

Hoping that song would never be over

**E**

**A**

I haven't seen you in ages

**E**

Sometimes I find myself

**A**

**B**

Wondering where you are

**E**

**A**

For me you'll always be 18

**C#m**

**B**

**E**

And beautiful and dancing away with my heart

**E**

**A**

I brushed your curls back so I could see your eyes

**E**

**A**

And the way you moved me was like you were in my mind

**F#m**

**C#m**

**A**

**B**

I can still feel you lean into kiss me

**F#m**

**C#m**

**A**

**B**

I can't help but wonder if you ever miss me

**E**

**A**

I haven't seen you in ages

**E**

Sometimes I find myself

**A**

**B**

Wondering where you are

**E**

**A**

For me you'll always be 18

**C#m**

**B**

**E**

And beautiful and dancing away with my heart

**C#m**

Oh you headed out to college

**A**

At the end of that summer when we lost touch

**C#m**

**A**

I guess I didn't realize even at that moment we lost so much
