          C9                          D4                          G  
Everybody keeps tellin me I m such a lucky man  
          C9                          D4                          Em7  
Lookin at you standin there I know I am  
          C9                          G  
Barefooted beauty with eyes that blue  
          D/F#                          Em7                          C9  
The sunshine sure looks good on you, I swear

          C9                          D4                          G  
Oh, I can t believe I finally found you, baby  
          C9                          D4                          Em7  
Happy ever after, after all this time  
          C9                          G  
Oh, there s gonna be some ups and downs  
          D/F#                          Em7                          F  
But with you to wrap my arms around, I m fine

          C9 D4 Em7 C9 D4 Em7  
So, baby, hold on tight, don t let go  
          C9                          D4  
Hold onto the love we re makin  
          G                          D/F#          Em7  
Cause baby when the ground starts shakin  
          D4  
You gotta know when you ve got a good thing

          C9                          D4                          G  
You know you keep on bringin out the best in me  
          C9                          D                          Em7  
And I need you now even more than the air I breathe  
          C9                          G

You can make me laugh when I wanna cry  
D/F#                    Em7                    F                    D4  
This will last forever I just know, I know

                  C9 D4 Em7 C9 D4 Em7  
So, baby, hold on tight, don t let go  
                  C9                    D4  
Hold onto the love we re makin  
                                  G                    D/F#    Em7  
Cause baby when the ground starts shakin  
                  D4  
You gotta know when you ve got a good thing
