Tuning: Standard; No Capo

Hey yall, this is Lady Antebellum s newest song off their Golden Deluxe Album. It s quite a fun and catchy song, and it s very simple for guitar players. Now, this song is very repetitive, which is nice for beginners, or someone who wants to play an easy song.

You can just play root chords, shown below, or you can do something like this:

	<b>E</b>	<b>Asus</b>	<b>Asus/F#</b>
e	--0-----0-----0-----		
B	--0-----0-----0-----		
G	--9-----9-----9-----		
D	--9-----9-----9-----		
A	--7-----0-----9-----		
E	--0-----x-----x-----		

Or

	<b>E</b>	<b>Asus</b>	<b>Asus/F#</b>
e	----0-----0-----0-----		
B	----0-----0-----0-----		
G	----1-----2-----2-----		
D	----2-----2-----2-----		
A	----2-----0-----0-----		
E	----0-----x-----2-----		

Alternatively, you can play the Asus/F# as an F#m, but I prefer to play it like this. My ear likes it better.

**E, Asus, Asus/F# (x2)**

<b>E</b>	<b>E</b>	<b>Asus</b>	<b>Asus/F#</b>
I	remember	riding	shotgun in daddy s Chevrolet

<b>E</b>	<b>E</b>	<b>Asus</b>	<b>Asus/F#</b>
