(**G**)

The first time I laid eyes on you

**D**

In that downtown café

**C**

How I loved the way your auburn hair

**G**

Danced across your face

**G**

And looking back at who I was

**D**

I don't recognize that guy

**C**

Oh I can't imagine where I'd be

**G**

Without you by my side

**C**

**Em**

I'm a better man since I love you

**D**

**G**

I'm a better man since I love you

**C**

**Em**

When this crazy world is all through

**D**

**C**

I'll be a better man cause I love you

**G**

Cause I love you

(**G**) **D C G**

(**G**)

Sometimes I find it hard to keep

**D**

Both feet on the ground

**C**

Yeah but everything worth fighting for

**G**

Is worth the ups and downs

**G**

It s amazing how we got

**D**

To where we are from where we ve been

**C**

Yeah it s funny how through it all

**G**

We re still the best of friends

**C**

**Em**

I m a better man since I love you

**D**

**G**

Do you remember that one night

**D**

**Em**

We spent in Santa Fe

**C**

We drank ourselves into a fight

**G**

And almost threw it all away

**G**

We talked it out till the bar closed down

**D**

**Em**

And we gave it one more try

**C**

As they swept the floors, we just sat there

G\* \* = One strum

Laughing till we cried

**C**

**Em**

I m a better man since I love you

**D**
