

**Cold As Stone**  
**Lady Antebellum**

**F** **G** **C**  
She left town early on a Friday.

**F** **G** **Am**  
Heading down to family in New Orleans.

**F** **G**  
Said she needed to feel the sun on her face.

**C** **C/B** **Am** **G** **F**  
Talk it out with herself, try to get things straight.

**Am** **G** **F**  
Lord, all I know is I don t wanna breathe.

**Am** **G** **F**  
Wish I was cold as stone,

**Am** **G** **F**  
Then I wouldn t feel a thing.

**Am** **G** **F**  
Wish I didn t have this heart,

**G** **F**  
Then I wouldn t know the sting of the rain.

**Am** **G** **F**  
I could stand strong and still,

**Am** **G** **F**  
Watching you walk away.

**Dm**  
I wouldn t hurt like this,

**Am** **G**  
Or feel so all alone.

I wish I was cold as stone.

**F** **G** **C**  
Almost turned around in Mississippi.

**F** **G** **Am**  
Pulled over on the shoulder along the way.

**F** **G**  
Thought by now I d be fine,

**C** **C/B** **Am** **G** **F**  
But all these tears are blurring every line,

**G**  
And I think back to when you were mine.

**Am** **G** **F**  
Wish I was cold as stone,

**Am** **G** **F**  
Then I wouldn t feel a thing.

**Am** **G** **F**  
Wish I didn t have this heart,

**G** **F**  
Then I wouldn't know the sting of the rain.

**Am G F**  
I could stand on my own,  
**Am G F**  
Letting your memory fade.

**Dm**  
I wouldn't hurt like this,  
**Am G**  
Or feel so all alone.

I wish I was cold as stone.

**Am G F**  
Yeah, it's gonna take forever to get over you.

**Am G F**  
Oh, and I don't think this pain's gonna go away.

**Am G F Am G**  
**F Dm**  
Oh, scars left when it's said and done remain.

**Am G F**  
I wish I was cold as stone.

**Am G F**  
I wish I was cold as stone.

**Am G F**  
Wish I was cold as stone,  
**Am G F**  
Then I wouldn't feel a thing.

**Am G F**  
Wish I didn't have this heart,

**G F**  
Then I wouldn't know the sting of the rain.

**Am G F**  
I could stand strong and still,

**Am G F**  
Watching you walk away.

**Dm**  
I wouldn't hurt like this,

**Am G**  
Or feel so all alone.

I wish I was cold as stone.
