**G Cadd9**  
Tell me have you ever wanted  
**Em7 D/F#**  
Someone so much it hurts?  
**G Cadd9**  
Your lips keep trying to speak  
**Em7 D/F#**  
But you just can t find the words  
**Cadd9**  
Well I had this dream once  
**D/F# G Cadd9 Em7 D/F#**  
I held it in my hands

**G Cadd9**  
She was the purest beauty  
**Em7 D/F#**  
But not the common kind  
**G Cadd9**  
She had a way about her  
**Em7 D/F#**  
That made you feel alive  
**Cadd9**  
And for a moment  
**D/F# G Cadd9 Em7 D/F#**  
You made the world stand still  
**Em7 Cadd9 G Cadd9 Em7 D/F#**  
Yeah we owned the night

**G Cadd9**  
You had me dim the lights  
**Em7 D/F#**  
You danced just like a child  
**G Cadd9**  
The wine spilled on your dress  
**Em7 D/F#**  
And all you did was smile  
**Cadd9**  
Yeah, it was perfect  
**D/F# G Cadd9 Em7 D/F#**  
I hold it in my mind  
**Em7 Cadd9 G**  
Yeah, we owned the night

( **Em7 Cadd9** )

**Em7**

When the summer rolls around

And the sun starts sinking down

**Cadd9**

I still remember you

Oh, I remember you

**Em7**

And I wonder where you are

**Cadd9**

Are you looking at those same stars again?

**D/F#**

Do you remember when?

**G Cadd9**

We woke under a blanket

**Em7 D/F#**

All tangled up in skin

**G Cadd9**

Not knowing in that moment

**Em7 D/F#**

We'd never speak again

**Cadd9**

But it was perfect

**D/F# G Cadd9 Em7 D/F#**

I never will forget

**Em7 Cadd9 G Cadd9 Em7 D/F#**
