C

Sometimes a story has no end,

G

Sometimes I think that we could just be friends.

F

G

Cuz I m a wandering man he said to me.

C

And what about our future plans?

G

Does this thing we have even made sense.

F

G

When I got the whole world in front of me?

So I said,

Dm **F** **C** **G** **Am**
I don t wanna be alone forever, but I can be tonight,

Dm **F** **C** **G** **Am**
I don t wanna be alone forever But I love gypsy life .

Dm **F** **C** **G** **Am**
I don t wanna be alone forever Maybe we could see the world together.

Dm **F** **G** **Am** **F** **C**
I don t wanna be alone forever But I can be Tonight.

G **Am** **F** **C**
Tonight.

G **Am** **F** **C**
Tonight.

C

So I just packed my baggage and,

G

Said goodbye to family and friends.

F

G

And took a road to nowhere on my own.

C

Like Dorothy on a yellow brick,

G

Hope my ruby shoes get me there quick.

F

G

Cuz I left everyone I love at home.

And

Dm **F** **C** **G** **Am**
I don t wanna be alone forever, but I can be tonight,

Dm **F** **C** **G** **Am**
I don t wanna be alone forever But I love gypsy life .

Dm **F** **C** **G** **Am**
I don t wanna be alone forever Maybe we could see the world together.

Dm **F** **C** **G** **Am**
I don t wanna be alone forever Maybe we could see the world together.

Dm **F** **G** **Am** **F** **C**
I don t wanna be alone forever But I can be Tonight (Would you go with me?).
G **Am** **F** **C**
Tonight (See the world with me?).

G **Am**
