**Eb**

**Db**

You got ripped jeans

**Ab**

**Ab**

You got your cigarette

**Eb**

**Db**

We re two of a kind

You re spades and I m diamonds

**Ab**

And you know that too

**Ab**

**Cm**

Yeah you can see clearly

**Ab**

**Cm**

That I am the one you want

**Ab**

**Db**

**Ab**

**Db**

**Eb**

I m everything you re not

**Ab**

**Eb**

**Eb**

**Db**

**Ab**

**Eb**

**Db**

I cut lines, you wait you turn

**Ab**

**Eb**

**Db**

But I guess I could forgive you tonight

Tonight, tonight, tonight

(just repeat chord progression here)

Don t shoot  
My heart is on mute  
Our physical dream  
Is only skin deep  
How do you wanna groove?

Bang Bang  
Should hear my gun ring  
You re mine, you re there  
You ll hear that  
I am all up inside your head

Now I can see clearly  
That I am the one you want  
But I must admit that  
I m everything you re not

Yeah I am red, you are blue  
I m old school and you re so new  
But I guess I could forgive you tonight  
When you re cold, I like to burn  
I cut lines, you wait your turn  
But I guess I could forgive you tonight  
Tonight, tonight, tonight

**Ab**

You won t forget me when I m gone

**Db** This feels so good, it can t be wrong **Cm**

**Eb**

**Db**

I recommend a one night stand

**Eb**

I know we re just friends

**Db**

But you re my kind of man

**Eb**

Just for tonight

**Fm**

Just for tonight

**Ab**

Just for tonight

Even though I m red, you are blue  
I m old school and you re so new  
I know we could be great for tonight  
When you re cold, I ll make it burn  
You ll never have to wait your turn  
Yeah I guess I could forgive you tonight

Yeah I am red, you are blue  
I m old school and you re so new  
But I guess I could forgive you tonight  
When you re cold, I like to burn

I cut lines, you wait your turn  
But I guess I could forgive you tonight  
Tonight, tonight, tonight
