Lady Lamb the Beekeeper

Intro:

**F C F C**

**G** **C**  
I cannot think of that song with this music on

**F**  
And I never want to go

**C**  
Back to Arkansas

**F**  
Even if you ve gone from there

**C**  
Even if you ve gone

**F**  
You handled me like an infant skull

**C**  
And I cradled you like a newborn nightmare

**F**  
and I always long, long to go back there

**C** **G**  
straight back down the hallway and up the stairs

**F** **C**  
to that bed

**F**  
I asked the deer, could the hunter she hear

**C**  
come a creepin, creepin, creepin, creepin

**F**  
I whispered in her ear so sweet and sincere

**C**  
but she was already dead a sleepin

**F**  
The ground where she lay was red, sour and stained

**C** **F**  
and I kissed her, kissed her, kissed her before I turned away

**C**  
and I always want to go back there, straight back, down the path to the place

**F** **C** **G** **F** **C**  
where she lay

**F** **C**

We can close our eyes and cry out to the darkness, there is still this light

**F**  
in us

**C**  
There is this fight to be right where we belong

**F G F**  
This ribcage, it is a staircase

**C**  
Climb, climb it to my iris

**F**  
you can live there, you know who I am

**G F**  
You know who I am

**C F C F C**  
I am your apple

**F C**  
So open up the book and read to me your favorite passage

**F C**  
And know that I will be right here and I will listen

**G**  
I hear you

**F**  
And I have heard you

**C**  
For one thousand years

Outro:
