

Dm **F**
oh I ve been reborn southernly
C **E**
I ve been your dearest friend
Dm **F**
I ve been romanced and captured
G **G7**
hung by a mustard thread oh

C F (x2)

C **F**
and yes I do long to be taken
C **F**
to the sea of despair
C **F**
where I can tread through the waters oh
C **F**
deep blue and threadbare
Em **F**
give me your heart as a home
Em **F**
I m a nomad and I am so lonesome
Em **F**
give me your eyes for to roam
G **G7**
and the wave of your hair to be baptized in

C F (x2)

Dm **F**
you are mountains to cross
C **E**
you are rivers to bathe by
Dm **F** **G** **G7**
you are leading me on down by the breath of your battle cry

C F (x2)

Dm **F**
whether your steps are running towards
C **E**
or whether they re running away from
Dm **F**
you are the apple, you are a warrior
C **E**
you know I would never put you in danger

C **F**
just up on my shoulders
C **F**
just up on my shoulders
C **F**

just up on my shoulders

G **G7**

steadfast and skyward

end on **C**
