**Ebm F# C# G#**

**Ebm F# C# G#**  
And now I don t understand how you could be so alone  
**C# F#**  
You lift me up so high  
**C# G#**  
Then maybe just let me go  
**Ebm F# C# G#**  
They didn t know they d come, the harder they fall  
**C# F# C# G#**  
Cause I m just another ad upon your wall

**Ebm Bbm**  
No one taught me how to pray  
**C# F#**  
I had to go and find it out the hard way

**G# C# F#**  
And it s wrong to think that I have those  
**C# G# Ebm F#**  
Oh when he got the word he tried to fuck the fuck up

**Ebm F# C# G#**  
Oh I ve been around, just had it around  
**C# F# C# G#**  
I let you drive me through the gates that put me down  
**Ebm F# C# G#**  
I did my best and I tried to reach up  
**C# F# C# G#**  
Oh well I guess you did my best but you couldn t come no

**Ebm Bbm**  
So many say no can do  
**C# F#**  
I don t know what I could ve done to lose you

**G# C# F#**  
And it s wrong to think that I have those  
**C# G# Ebm F#**  
Oh when he got the word he tried to fuck the fuck up
