Repeat Mark s part twice, and repeat Willie s twice HOWEVER when you get to Riff 7a, start easing off the palm mute about half way through and start tremelo picking the 6 s the 4th string),listen to the song you ll get the idea.

I ll post the entire tab when I m done, hopefully soon, have fun! Comments/suggestions always welcome.

Andd I know perfectly well Willie s part can be played higher up on the 6th string like does on hourglass, so here you go nitpicky bastards =P:
