Yeah there comes a booming sound
It used to come from underground
Now it emanates
From a kinda welfare state
Of the soul
Yeah baby of the soul
Now that sweet sweet soul
Let s be certain
Of the deliberate monologue
As sure as if it will fall
Across you
Unto you
Will most certainly leave the [A2]doing undone
Come on undone

[E]And we are doing
[Dadd9]And we are screwing [E]
[Dadd9]Up our lives today[A]
Up our lives today[F#m]
Up our lives today[E]
Up our lives today[Bm]
Up our lives today[A]
Up our lives today[F#m]
Up our lives today[E]

It s this we chanted
It s this we planted
C"mon progeny
