Finally, I m crossing the threshold
                                                                      Dm
From the ordinary world, to the reveal of my heart
Undoubtedly, that will for certain
                                       D
Take the dead out of the sea, and the darkness from the arts
This is my commitment (ah-ah-ahh)
My modern manifesto (ah-ahh)
I m doing it for all of us (ah-ahh)
Who never got the chance (ah-ah ah-ah)
Longing for ahhh (shut-up, shut-up)
And all my Birds of Paradise (shut-up, shut-up)
Who never got to fly at night (shut-up, shut-up)
                                                        Dm
Cause they were caught up in the dens (ah-ah ah-ah ahh)
[Refrão]
Sometimes it feels like I ve got a war in my mind
I want to get off but I keep riding the ride
I never really notice that I had to decide

To play someone s game or live my own life
And now I do

Finally, gone is the burden
                                     D
             Dm
Of the cowardly way of being, that comes from energies combined
                                                  C#
Like my part was I, was not discerning
                                                                            Dm
And you as we found out, were not in your right mind
There s no more chasing rainbows (ah-ahh)
And hoping for an end to them (ah-ahh)
Their arches are illusions (ah-ahh)
Solid at first glance (ah-ah ah-ah)
But then you try to touch them (touch, touch)
There s nothing to hold on to (hold, hold)
The colors used to lure you in (you in)
And put you in a trance (ah-ah ah-ah ahh)
