Take me as I am
              Bm
Take me, baby, in stride
Only you can save me tonight
There s nowhere to run
        Bm
Nowhere to hide
You let me in, don t leave me out
Or leave me dry
Even when I m alone
I m not lonely
                В7
I hear the sweetest melodies (sweetest melodies)
On the fire escapes of the city
              В7
Sounds like I am free
It s got me singing
             Bm
                         D
God bless America, and all the beautiful women in it
        Ε
             Bm
                         D
God bless America, and all the beautiful women in it
May you stand proud and strong
              Bm
Like Lady Liberty shining all night long
            Bm D E
God bless America
 Take me as I am
 Don t see me for what I m not

Only you can hear me tonight
Keep your light on, babe
I might be standing outside
You let me in, don t leave me out
Or leave me dry
Even walking alone, I m not worried
I feel your arms all around me (arms around me)
In the air on the streets of the city
               R7
Feels like I am free
It s got me thinking
                 Bm
God bless America, and all the beautiful women in it
                 Bm
God bless America, and all the beautiful women in it
May you stand proud and strong
                  Bm
Like Lady Liberty shining all night long
                Bm D E
God bless America
F#m
Even with you I ve got nothing to lose
        Faug
So you d better believe that nobody can make me feel lonely
Because I hear (sweetest melodies)
Even when you talk that talk with those lips I m most certain in hell
I ll never feel, never feel lonely
I have no fear
It s got me thinking (Yeah)
God bless America, and all the beautiful women in it
God bless America, and all the beautiful women in it
May you stand proud and strong
