## Let me love you like a woman Lana Del Rey

```
Intro:
F C G x
 I come from a small town, how bout you?
 I only mention it cause I m ready to leave LA
And I want you to come
Eighty miles North or South will do
 I don t care where as long as you re with me
And I m with you and you let me
Let me love you like a woman
Let me hold you like a baby
Let me shine like a diamond
Let me be who I m meant to be
Talk to me in poems and songs
Don t make me be bittersweet
Let me love you like a woman
Let me hold you like a baby
Let me hold you like a baby
               C
 I come from a small town far away
 I only mention it cause I m ready to leave LA
And I want you to come
I guess I could manage if you stay
                  C
It s just if you do I can t see myself having any fun, so
