You came along scooped me up like a baby **D G**

Every now and then, the stars align **D**
Boy and girl meet by the great design **C**
Could it be that you and me are the lucky ones? **Em D G**

Everybody told me love was blind **D**
Then I saw your face and you blew my mind **C**
Finally, you and me are the lucky ones this time **Em D G Em**

Bugging into my car, got a bad desire **Am D**
You know that we ll never leave if we don t get out now, now now **G Em**
You re a crazy con and you re a crazy liar, but baby **Am D**
Nobody can compare to the way you get down, down down **G**
