Starry Eyed by Lana Del Rey

**A F#m Bm D**

Oh boy you re starry eyed  
Lie back, baby lie back  
You ve got heaven in your eyes  
I like that, boy I like that

Life doesn t always work out  
Like you planned it  
They say make lemonade out of lemons  
But I try and I just can t understand it

All this trying for no good reason  
Man makes plans and god laughs  
Why do I even bother to ask?

Well, once you and I were the king and queen of this town  
It doesn t matter now  
The sun is setting on our love  
By, baby...

(Repeat)

It doesn t matter what you say  
Let s do it anyway  
Because you and I  
Have an undying kind of love  
You can be mine, I ll be yours  
Come on baby

Oh, boy...etc.
