**Bb**

You should stay real close to Jesus

**Dm**

Keep that bottle at your hand, my man

**F**

Find your way back to my bed again

**C**

Sing me like a Bible hymn

**Bb**

We should go back to Arkansas

**Dm**

Trade this body for a can of Gin

**F**

Like a little peace of heaven

**C**

No more candle in the wind

**Bb**

You should come back to our place, baby

**Gm**

Don't be afraid of our love

**Dm**

On the second floor, darling

**C**

In the second flat, hurry up

**Bb**

Cause down in Arkansas

The stores are all closed

**Gm**

And the kids in their hoodies

They dance super slow

**Dm**

We're white hot forever

**F**

And only God knows

**Bb**

You should stay real close to Jesus

**Dm**

Keep that bottle at your hand, my man

**F**

Find your way back to my bed again

**C**

Sing me like a Bible hymn

**Bb**

We should go back to Arkansas

**Dm**

Trade this body for a can of Gin

**F**

Like a little peace of heaven

**C**

No more candle in the wind

**Bb**

We ll be white hot forever

**Gm**

We re white hot forever

**Dm**

We ll be white hot forever

**C**

And ever and ever, a\_men

**Bb**

Could I come back to the ranch, baby?

**Gm**

I had to get away for a while

**Dm**

Just to rest my nerves, darling

**C**

Can I make you laugh with a smile?

**Bb**

You knew when you chose me

**Dm**

I was nothing but ordinary

**F**

And now the wind s blowing

**C**

Reminding you of what you know

**Bb**

You should stay real close to Jesus

**Dm**

Keep that bottle at your hand, my man

**F**

Find your way back to my bed again

**C**

Sing me like a Bible hymn

**Bb**

We should go back to Arkansas

**Dm**

Trade this body for a can of Gin

**F**

Like a little peace of heaven

And ever and ever, a\_men

**Bb**

(You should stay real close to Jesus)

**Dm**

If you don t pray, you ll never learn
