Em **D**
We were sixteen but I have
G **C**
Known you since second grade
Em **D**
We were best friends but I have
G **C**
Wanted you in different ways
Em **D**
We would pass notes in science
G **C**
And I would end em with a heart
Em **D**
We would pass the extra time in
G **C**
The back of my beat-up car

[Chorus]

Em **D**
It was love
G **C**
I know you know that
Em **D**
It was us
G **C**
I wish I could go back
Em **D**
To sneaking around at night
G **C**
And thinking we had our whole lives
Em **D**
It was love
G **C**
I know you know that

[Verse 2]

Em **D**
I don t think I ever told you

G **C**

I know you know that

It was us

To sneaking around at night

G **C**

And thinking we had our whole lives

Em **D**

It was love

G **C**

I know you know that

Em **D**

It was love

G **C**

I know you know that

Em **D**

It was us

G **C**

I wish I could go back

Em **D**

To sneaking around at night

G **C**

And thinking we had our whole lives

Em **D**

It was love

G **C**

I know you know that
